

TREATMENT PLAN VIRTUALLY

PRESENTED BY
NIRAJ

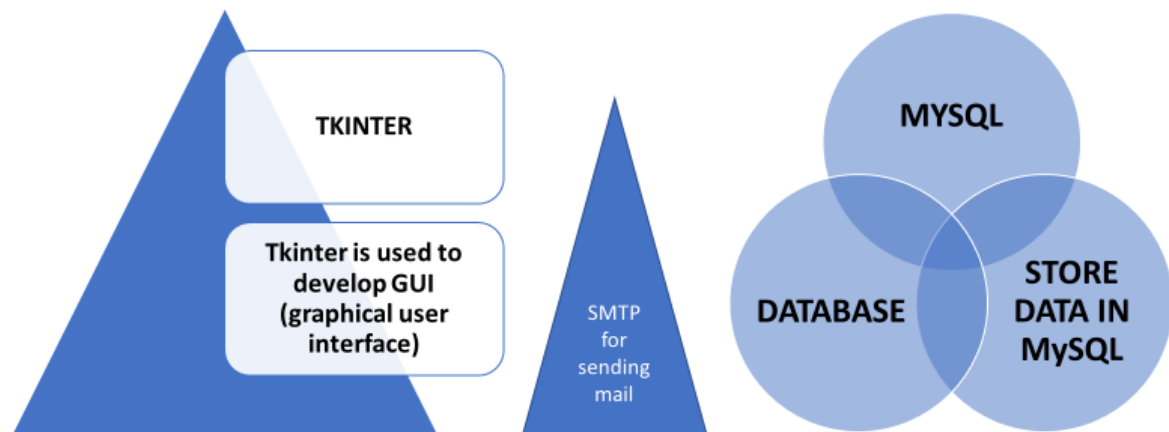

INTRODUCTION

- Organizing Treatment plans by Medical Doctors or Healthcare Professionals based on Patient details and Diagnosis symptoms through a digital interface.

ADVANTAGE OF PATIENTS AND HEALTHCARE SECTOR

- ❖ Remote availability
- ❖ Time-saving and comfortability
 - The patient can get treatment advice according to their comfortable time without mobilizing from their home places.
- ❖ Cost-effective
- ❖ Reduce the burdensome health problems in the country and W.H.O.
- ❖ Healthcare professionals may advise and create treatment plans without physical presence, minimizing the hospital crowd.
